Green And White

We are proud of green and white,
Symbol of our guiding light,
Hillside School we shall remember
Any where that we may be,
Progress through our perseverance
Striving toward the right.

Hillside School we shall remember
Any where that we may be,
So we give our deep affection
And our loyalty.

Hail Hillside, Hail Hillside,
Green and white forever fly,
Progress through our perseverance
Striving toward the right.

Irene
Good luck

The Universal Zodiac

Personalities gather under the 12 signs of the Zodiac. All the astrological happenings that are possible become a playground for your imaginations. Whether a horoscope reading provides you with sheer entertainment or serious study, please note the signs of our graduates and then draw your own conclusions on the accuracy of their personality traits.

Principal's Message

*Irene,
Good luck &
best wishes,
Walter M.
Kritzberger*

Dear Graduates of 1972,

I'm sure that many of you feel that you've had enough advice from your teachers, your parents and other members of the so-called establishment to last you a lifetime, so rather than turn you off by offering more of the same, I am going to try to stimulate your thinking by asking you to contemplate this very important question, "Quo Vadis?" Freely translated this means "Whither goest thou?"

You are approaching maturity during a time when the standards of living are the highest in the history of mankind and you enjoy luxuries undreamed of in years gone by. However, this is an era of inconsistencies. In your short lifetime you have actually seen men walking on the moon and on the other hand, you have seen men threaten their very existence because of the disregard for the ecology; you have seen man prolong his life expectancy through scientific findings, and then destroy the very flower of manhood through senseless wars. Where do you fit into the scheme of things to come? We all only pass this way once and so you must make of your life what is best for you, and if your life has had any real purpose or meaning, it will then add to the sum total for the betterment of all mankind.

There are still many new worlds of ideas to discover and explore. This is the challenge to each of you, individually and collectively. This great country of ours, if it is to remain great, must utilize its natural resources to the fullest and you, the youth of today, are our greatest natural resource and asset. The future of the entire world and of humanity rests with you. Some of you may feel that your role or contribution may be insignificant, but progress depends on the cooperative efforts of many individuals—the professionals, the mechanics, the artisans, the artists, the laborers, and others too numerous to mention. Never demean your contribution to the future as long as you are doing your thing to the very best of your ability.

As you leave Hillside for the challenging and thrilling years of High School or further education, the entire staff and I extend to each and every member of the class of 1972 our best wishes for the future and we say "Godspeed."

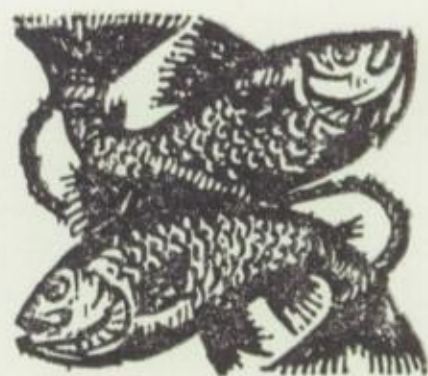

Sincerely yours, *Walter M. Kritzberger*

Dedication

For six years Miss Helen Pappas has given to Hillside School the essence of all her energy, talent, and dedication. Both as a teacher and friend she has helped students to discover their own creativeness and self-worth. Her successful productions-CAROUSEL, this season-have been a tribute to team work and determination. In gratitude, we, the Class of 1972, dedicate the SPECTATOR to Miss Helen Pappas.

Ai Soon Kang

Dear Sponsor in America,

Autumn has gone and winter has come. The weather is getting colder day by day. Everyone here is preparing for winter. We have to prepare fuel. Do you make any special preparations for winter?

We will have a Christmas holiday soon. I hope you have a Merry Christmas. In addition, we will have a month long winter recess. I am planning on learning to ice skate. I have never ice skated before.

It's very cold in the morning, and I sometimes find myself late for school.

Looking forward to hearing from you.

Dear Sponsor,

How are you getting along these days? Owing to your loving I am doing very well in my school work. I am sorry that I haven't written to you sooner than this. Please forgive me. Winter has arrived here, and our vacation begins on December 23. During this vacation I will study hard. I hope you have a good time during this holiday season. I am sending you a Christmas card, and I hope you like it. I will write to you again soon. I hope your New Year is filled with much happiness.

Dear Sponsor,

You are so nice to me always. We recently received a package of clothes again. I was so happy and excited I could hardly keep my mouth closed. Thank you and all the Hillside students.

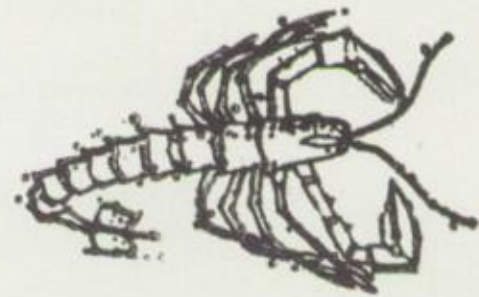

I am fine and doing well with my studies. I have begun to take piano lessons and enjoy it very much. I do practice very hard.

The weather today is fine, and we are preparing for winter. We are anxious to hear from you again. Our best wishes to all of you. Our love goes out to you.

With our new coach, Mr. Rothberg, and the continued support of Hillside fans, our team went on to an 8-10 record in the '71-'72 season.

This has been an adjustment year for Hillside, but nevertheless, the Hillside Mountaineers are still number one.

Our Farewell

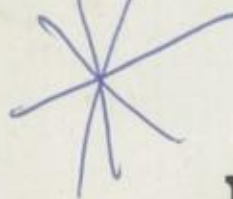

And so ends another chapter in our lives; but, like a book, we can always look back and remember our years at Hillside. Some of our memories are happy and some are sad, but all of them have helped to shape us into the kinds of people we will be for the rest of our lives.

Our last year was filled with many wonderful happenings. The Magazine Drive, the wonderful production of "Carousel", the Washington trip, and every day school life have contributed to making this year one of the best we've ever had.

We hope that every graduating class following us will learn from and enjoy their last year at Hillside as much as we have. Hillside and its faculty will always be "gentle on our minds."

Nancy Manners
